

RIGID AND THIRD PARTY MARKS

PRODUCT DISCLAIMERS:

RAM Mounts - Suction cups should only be applied to surfaces that are flat, clean, dry, and free from oil, dirt and scratches. Performance of these suction cups will be diminished when used on any surface that is not flat, clean, dry, and free from oil, dirt and scratches. These suction cup mounts are not intended to be a permanent light mounting solution, but rather are intended for temporary light mounting solutions. The reader should seek a permanent mounting solution if the lights are to be used in conditions that might cause the suction cup mounts to fail, which may lead to conditions that may cause damage to the lights or that may lead to conditions that are unsafe, such as operation of a motorized vehicle without proper forward illumination due to a failed suction cup mount.

Roof Mounts - Warning: Installation of an LED Light Bar on the roof of your vehicle may impact airflow and may generate noise at high speeds.

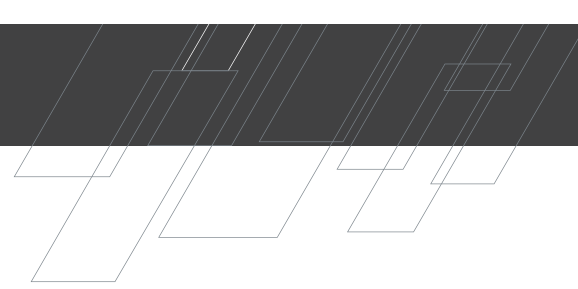

JST Performance, LLC d/b/a Rigid Industries disclaims all liability for injuries and/or damages of any kind arising out of the use or performance of these suction cup mounts for lighting products.

JST Performance, LLC d/b/a Rigid Industries disclaims liability for any personal injury, property or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly resulting from use of these suction cup mounts for any reason and for any application.

UV Products - WARNING, UV emitted from these products. Avoid eye and skin exposure to unshielded products.

IR Products - WARNING, IR emitted from these products. Avoid eye and skin exposure. Use appropriate shielding or eye protection.

A-Series LED Lights - CAUTION, Hot Surface. Do not touch. This device generates heat while in operation. Avoid bodily contact to prevent burns. Do not operate device in proximity to any article that may combust.
